ABOUT THE BETHANY GROUP

The Bethany Group, a non-profit charitable organization, is a leader in Canada for creating a model of partnership working for the social good. It's presence in communities focuses on taking care of individuals and families through health and housing services.

Established in 1922, The Bethany Group is driven by the people who work and volunteer for the organization to make the lives of the people they serve better. It also continues to honour its faith-based roots and provide a wholistic approach to caring for its clients.

From continuing care, supportive living and independent living for seniors to a variety of housing programs including affordable family housing, the organization remains committed to giving its residents and clients an enhanced quality of life.

VISION, MISSION, VALUES

Our **vision** is an enhanced quality of life for vulnerable people.

Our **mission** is to enhance the quality of life of the people we serve.

We **believe** that all people we serve deserve to be treated with dignity and respect in an atmosphere of holistic care, cooperation, and integrity working from a Christian foundation that reflects God's love and caring.

The Bethany Lifestyle encourages a friendly and inviting culture where everyone is secure and their needs are respected.

ABOUT ROSEHAVEN PROVINCIAL PROGRAM

The Rosehaven Provincial Program provides specialized outreach and in-house services to support people who have responsive behaviours that are difficult to manage in their current care settings in the province of Alberta.

Based in Camrose, the program has a highly trained interdisciplinary team who deliver support through:

- Education Outreach
- In-House Assessment & Treatment

The overall goal is to assist continuing care health providers to manage the client's behaviours within the current care settings.

If people are assessed as needing the support of the In-House treatment program, it is the intent that they will be able to return back to their home community once a manageable care plan has been established.

EDUCATION OUTREACH

Education Outreach provides no-fee education sessions for care staff throughout Alberta.

The overall goal is to provide a variety of education programs and services that will assist staff in developing the capacity and expertise required to care for individuals with responsive behaviours.

Education is provided for frontline and professional staff through several formats including self-study, telehealth, and face-to-face sessions. The Rosehaven Provincial Program also offers the P.I.E.C.E.S. program throughout Alberta.

For more information about available education opportunities, please see the Education Outreach brochure.

IN-HOUSE PROGRAM

The interdisciplinary team conducts holistic assessments recognizing physical, intellectual, emotional/spiritual, capabilities, environmental and social realms. Interventions based on the assessment aim to implement a creative and individualized approach to alleviate symptoms of disease and accompanying behaviours. When the individual is identified as eligible for discharge, the Placement Office is contacted to facilitate the return of the client to their home community. A Rosehaven team member accompanies the individual to the receiving organization and provides an overview of the care plan. Telephone follow-up is conducted by a Rosehaven team member following discharge at one week, one month and three month intervals. The individual will have a priority re-admit to the Rosehaven program if difficulties arise.

ADMISSION CRITERIA

For admission an individual:

- must be eligible for continuing care services;
- must have disruptive, unmanageable behaviours;
- must have a diagnosis that may include but is not limited to:
 - dementia with mood, psychosis, or behavioural disorder;
 - mood disorders, major depression, bipolar disorder; and/or
 - psychosis, schizophrenia, paranoid delusional disorder
- must have a legal proxy decision maker where necessary.

For admission a referring site:

- must have accessed all available resources within their own region/zone;
- must indicate agreement to integrate the individual into regional placement options upon discharge from the program; and
- must agree to receive the client back to the zone upon completion of treatment.

An individual will not be admitted if he/she:

- is in the acute phase of either their physical illness or mental disorder and will no longer benefit from treatment;
- is repeatedly violent or aggressive, requiring extraordinary measures which are beyond the program's resources to manage;
- requires care or behaviour management related to head trauma or developmental delay; and/or
- is certified under the Mental Health Act.

FEES

The client pays the set accommodation fee which includes medications and personal care supplies as identified by Alberta Health Services Continuing Care Standards.
